

CENTRE FOR FLEXIBLE
TEACHING AND LEARNING

ACCESSING MYNIPISSING

MyNipissing is an online tool that allows students to access different systems using the same username and password. Currently this includes campus notices, Blackboard (for online course content), WebAdvisor (for registration, payment, transcripts, etc.), and Google Mail (for student email).

It is important to note that the Centre for Flexible Teaching and Learning communicates to all students primarily through email, and as per university policy, important notices will be sent to your student university email address. **Our office encourages all of our students to check their Nipissing University email on a regular basis as the centre will not communicate through personal email addresses such as Hotmail.**

To access to your Nipissing University email please do the following:

1. Open your preferred internet browser (ex. Internet Explorer).
2. Go to the following internet address:

<http://my.nipissingu.ca>

3. Type your "User ID" in the first box.
4. Type your "Password" in the second box.
5. Click on the "Sign In" button.
6. Click on the "Email" tab.
7. Click on the "Logging into Google Mail for the First Time" link.
8. Follow the instructions shown.

Your username and password will be the same as the ones used in the past or when you were first admitted to a Nipissing University program. Should you have any difficulties accessing MyNipissing or your email account please contact technology services via email or phone at:
