

NEW STUDENT ORIENTATION

Congratulations on Becoming a Nipissing University Student!

You are about to take your first steps towards what we believe will be a successful, rewarding, and enjoyable experience. You are invited to the New Student Orientation (NSO) as an introduction to Nipissing, and are welcome to bring your parents along. NSO is designed to help you become familiar with the university and to start to make it yours.

At NSO, you will be able to ask questions, receive assistance in registering for courses, complete any necessary paperwork and meet some of the faculty, facilitators and staff that you will be communicating with throughout the academic year. We do ask that you make arrangements to bring a laptop, as we will be conducting practice sessions on Blackboard, an Internet based application that will be used to access much of your course materials.

All newly admitted Bachelor of Commerce students should attend their NSO day as scheduled below. A light breakfast and lunch will be provided.
