

NIPISSING LAKERS ORIENTATION

Sexual Violence Prevention and Education - Consent Crew

The Consent Crew is made up of student leaders and community members who engage in conversation and learning around consent. Together we work as outreach for Sexual Violence Prevention and Education and we are working to create a culture of consent on campus. Please look out for the teal ribbon on your orientation calendars. At every event with a Teal Ribbon you will find the Consent Crew who are there to engage in conversation, offer information on supports and services, and to hand out amazing prizes and consent swag!

#nuperspective is Nipissing University's campaign to end sexual violence through education, prevention and outreach. The teal colour used in the logo is the official colour of Sexual Assault Awareness. The hashtag is included as a symbol to engage in a campus-wide conversation around preventing sexual violence. Throughout the year, #nuperspective will be organizing events and initiatives on campus focused on sexual violence prevention and education. Putting Sexual Violence into Perspective: Awareness, Responsibility, Action.
