K. Knapp B. Overholt

MOTION 1: Moved by M. Tuncali, seconded by B. Nettlefold that the minutes of the meeting of May 17, 2006 be adopted.
CARRIED

ANNOUNCEMENTS

The President began his announcements by commenting on the three-year accountability agreement that must be submitted to MTCU by June 28th. All universities and colleges in the province are required to outline types of investments and academic plans spanning the next three years. With a provincial election later this year, this is seen as a move by the government to state that they have followed through on their promise of investment in postsecondary education. Senator Mock did indicate that institutions would have an opportunity to revisit their plan every year. He also noted that there is still have no firm indication of revenue expectations.

Senator Mock reminded Senate that June 8th is the beginning convocation with six ceremonies at this campus and one in Brantford. Almost 1500 students will be graduating and the President reiterated that these ceremonies were a celebration of our students and our greatest measure of success. Dr. Mock also invited senators to come and listen to our outstanding list of honorary degree recipients.

A letter from the Mr. Colin Vickers, Director of the Near North District School Board was read by the President. Mr. Vickers thanked faculty for their involvement with the math camps. Senator Mock also expressed his appreciation to senators for their contribution and stressed that community outreach is important when recruiting students and profile building.

The President also announced that a decanal search in arts and science would begin as soon as the incoming Vice-President arrives. Four senators will be elected to the search committee at the September Senate meeting.

Senator Mock thanked Steve Carmichael, the outgoing Board Chair, for his active participation in the Nipissing University community these past few years and welcomed Tiz Silveri, the incoming Board Chair and Gerry Foster, the Vice-Chair. Finally, Senator Chase was thanked for the remarkable job he has done as Vice-President, Academic and Research (interim). Senator Chase took the academic planning concept and turned it into a reality. He also dealt with the graduate studies report, the first accountability agreement, the CFI proposal, the CRC process and a UPRAC audit.
The Vice-President Academic and Research began his announcements by reminding senators he would appreciate a good turnout at convocation as their presence at the ceremonies means a great deal to the graduates and their families.

Senator Chase commented on the first unsuccessful CRC nomination and indicated he had concerns about the process and will make it known to the CRC Secretariat. Senator Chase stressed that the university is still moving forward with the second Tier II CRC and the short listed candidates should arrive at the end of June.

On May 23rd, the Vice-President announced that a delegation, including the Vice-President Finance and Senators Cholewa and Weeks went to Toronto to address the CFI expert panel regarding funding for the science research complex. Senator Chase added that there is $1.7B in requests and only $255M in money available, so competition will be keen.

The Academic Master Plan (AMP) has completed stage one and the Deans are currently in the process of putting stage two together. Senator Chase reported that after final consultation, there will be a university-wide AMP. With the quality improvement in education report due to MTCU by the end of June and the fact that we are only be in the middle of the AMP process, Senator Chase commented that the approach the university will take is to identify eight program initiatives from which determinations will be made once the AMP is complete. Senator Chase stressed that there is no absolutely desire to preempt the AMP exercise.

As a final comment, Senator Chase announced that he is stepping away from Senate and will return in the fall as a part-time instructor only for first-year physics. His intention is not to be involved in Senate anymore but stressed that Senate needs to be protected.

On behalf of the Faculty of Arts and Science, Senator Vanderlee thanked Senator Chase for his leadership and mentorship this past year. Senator Vanderlee advised that most plans are up on the AMP website. He added that the department chairs were meeting on Monday and Tuesday to work through a decision-making structure that is transparent to all. At Senator Vanderlee’s invitation, Angela Fera reminded senators that NSO was being held the first two weeks of July and was requesting faculty participation. She further advised that NSO details were posted on the website.

The Dean of Education commented that his faculty are still trying to deal with the unexpected increase in education students this fall. He indicated that they have been able to place one full section of primary/junior at the Brantford campus. Senator Common also noted that the numbers for concurrent education at the Brantford campus is over 170 students, 50 students more than what was envisioned. Senator Common also announced that this was Senator Blair’s last Senate meeting.
After the announcements, Dr. Mock gave his annual strategic plan summary via a PowerPoint presentation. He outlined the status of each group and added that 18 of the 22 objectives are at some stage of address. He also thanked the approximately 200 individuals who are involved with the plan and its various task groups. The PowerPoint presentation and Senator Mock’s summary may be viewed at: http://www.nipissingu.ca/president/stratplan_taskgroup.asp

MOTION 2: Moved by D. Mock, seconded by K. Marsh that the Report of the Senate Executive Committee dated May 30, 2006 be received.

REPORTS OF REPRESENTATIVES ON OTHER BODIES

The Senator Representative to COU, Senator Sarlo, had distributed a report which outlined COU updates. He reminded Senate that FIPPA takes effect on Monday, June 12. He was also pleased to report that the COU website was highlighting research work by Senator Graff.
Senator Lawrence, a senate representative on the Pension Committee, indicated that its annual meeting was held on May 30th. He announced that for a significant period of time, it has been noted that two of the foreign funds have performed below the benchmark. As a result, the committee is recommending to the Human Resources Committee of the Board, that it be blocked. Senator Lawrence noted that if these funds are blocked, you will be unable to make additional contributions, but any funds you have in it will remain until otherwise changed. The Committee will also look at additional foreign funds opportunities.

The Senate representative to the Board of Governors reported that at the last Board meeting, there was a performance review of the President and he was reappointed. Senator Langford also noted that there was a presentation by the student union of the architect’s drawings of the student centre. She also reported that the President gave his annual update of the strategic plan.

AMENDMENT OF BY-LAWS

MOTION 7: Moved by T. Chase, seconded by A. Sparkes that, in keeping with accepted practices at many other universities and the recommendations of the National Council on Ethics in Human Research (NCEHR), the Senate By-Laws be amended to eliminate the Research Ethics Committee and the Appeals Committee for Ethics in favour of a new Nipissing University Research Ethics Board (NUREB), which shall: (i) be created effective September, 2006; (ii) include six faculty members broadly representative of the various research disciplines, and representing both genders, (with alternates), one external community representative and the Director of Research Services (non-voting); (iii) report to the Board of Governors through the Vice-President Academic and Research; and (iv) establish an arms-length appeal process, possibly involving a mutual agreement with another university.

CARRIED
