

TEACHER CANDIDATE DECLARATION OF UNDERSTANDING
Ministry of Training Colleges and Universities Insurance Program

The Ministry of Training Colleges and Universities (MTCU) covers the cost of Workplace Safety & Insurance Board (WSIB) premiums and private insurance for students participating in unpaid placements as required by their program of study.

Furthermore, the MTCU provides limited private insurance coverage for students in Ontario publicly supported postsecondary programs whose placements are arranged by their postsecondary institution to take place outside of Ontario (international and other Canadian jurisdictions).

Declaration:

I have read the information above, and understand that, as a Bachelor of Education Teacher Candidate at Nipissing University, WSIB or private insurance coverage will be provided through the MTCU while I am on a placement arranged by the University as a requirement of the BEd program.

If I suffer an injury while on placement, I will contact the Practice Teaching Office immediately.
