

## International Admission Requirements for Undergraduate Programs

Nipissing University welcomes applications from qualified international students. Please view the admission requirements below or contact us at [admissions@nipissingu.ca](mailto:admissions@nipissingu.ca)

The following qualifications are the minimum required for admission consideration to Nipissing University. Applicants are required to achieve a high overall standing in their studies and must include the appropriate [program specific prerequisites](#) depending on the degree program to which they have applied. Please note that possession of the minimum admission requirements does not guarantee admission to an applicant's program of interest and/or Nipissing University.

International applicants are not eligible for consideration under Nipissing University's Mature Student Admission Policy.

Applicants must send original official documents for admission consideration.

Applicants seeking admission on the basis of qualifications or certificates not mentioned below must submit original official documents to the Office of the Registrar for evaluation. Applicants seeking admission based on postsecondary studies outside of North America MUST have their transcripts/documents assessed by World Education Services (WES) [www.wes.org/ca](http://www.wes.org/ca). A WES Credential Evaluation Report, including a Course-By-Course Analysis, must be sent directly to Nipissing University. Applicants are responsible for the costs associated with the WES evaluation and any translation required. Note that it can take upwards of six weeks for WES to receive official transcripts from a foreign academic institution, after which point the WES evaluation can take a week or longer to complete. Applicants should begin the evaluation process as early as possible.

Certificates not written in English must be accompanied by original notarized English translations from recognized sources.

All Student Visa applicants from countries where the dominant language of instruction is other than English, are required to supply proof of proficiency in English. Acceptable proof of English proficiency can be found at <https://academiccalendar.nipissingu.ca/Catalog/ViewCatalog.aspx?pageid=viewcatalog&catalogid=5&chapterid=410&loaduserredits=False#English>.

Applicants will apply for admission through the Ontario Universities' Application Centre (OUAC) at <http://www.ouac.on.ca/ouac-105/>. Applications, fees and official required documents must be received by the Office of the Registrar by April 1 for September admissions consideration.

Once an admission offer has been made, it is the applicants' responsibility to obtain the necessary documents required to study in Canada. A Study Permit is required to study at a Canadian university for periods of six months or longer. Please note that citizens from some countries are also required to obtain a Temporary Resident Visa to enter Canada. For further information and application forms, international applicants should contact the nearest Canadian Embassy or Consular office or refer to the Citizenship and Immigration Canada website at <http://www.cic.gc.ca/english/study/study.asp>.
