

The basic Nipissing University plan (detailed below) includes Talk, Text & Data for \$25.25/month. Any data at or above 300 MB will be an additional charge based on a tiered system (detailed below). Long Distance is not a standard feature, but can be added, if the use is justified, for an additional \$6.25/month, otherwise the cost is \$0.02/minute. Invoices are monitored and you will be notified if there are any overages, including long distance fees. Any overages resulting from non-work related use can be reimbursed by paying at Finance.

It is highly recommended that you track your data usage in order to prevent excess data fees, and use Wifi whenever possible. For your convenience, here is the link to the [Data Manager App](#).

Travel Packages

If you are traveling outside Canada, please see the document titled Travel Packages (link below) to view the package options available to Nipissing University users. Email FASS at telephones@nipissingu.ca a few weeks before your departure with the location and dates and specify which package you would like applied to your device. FASS will then arrange with Bell Mobility for the package to be added for the dates required. If you have any questions concerning the Travel Package options, please contact FASS. Note that if you do not apply a Travel Package to your device, you will be responsible for paying any roaming fees incurred.
