SCHOOL OF BUSINESS

iLEAD Business Experience Certificate
Learn through Experience, Action, and Discovery

What is the iLEAD Business Experience Certificate?

The iLEAD Business Certificate offers business students a variety of domestic and international experiential learning opportunities. While earning credits, students gain valuable and relevant work experience through applied business problem solving and research. Concepts and theories learned in the classroom are made real, as students gain hands-on experience, learn on the go, and can see the results of the decisions they make. Students expand their professional networks while developing life-long learning skills that are essential to their future success.

Why take iLEAD Courses?

- Gain valuable and relevant work experience
- Build strong professional and personal skills
- Experience different cultures
- Internationalize your degree
- Demonstrate initiative and involvement
- Looks great on a resume

“Earn more than a degree.”

Frequently Asked Questions

Do I have to be a business student to take the iLEAD program?

Yes. The iLEAD program is designed specifically for business students.

Do I have to complete the iLEAD certificate in order to take some of the courses offered in the program?

No. You may elect to take only one or two iLEAD courses if you wish.

Will the school help me to find an internship, if I choose to participate?

Not at this time, however the School will provide guidance and suggestions to students who are looking for internships.

What are the costs associated with the iLEAD certificate?

Tuition fees are applicable to the iLEAD courses. Other fees will apply for international exchanges, such as travel costs.

Can I intern in my home town?

Yes. Internships can be completed in North Bay, your home town, or even overseas.
