— Kate Mills, Manager, Engage Education Canada

“Nipissing’s potential teaching grads are very professional. They were informed, courteous, and knowledgeable. It was obvious the training they received from their professors and teachers at Schulich prepared and informed them for different, full time, educational teaching alternatives. Nipissing’s potential grads were prepared. Please thank your educational staff. On behalf of Maple Leaf Educational Systems, we applaud your student teachers. Your new, potential, graduating students are some of the best in Canada.”
