

CLINICAL PSYCHOLOGY I

What is Clinical Psychology?

How do I become a Clinical Psychologist?

What do Clinical Psychologists need to know?

These questions and many others are explored in this important course. The Department of Psychology encourages you to consider taking our fourth year course in Clinical Psychology. Where appropriate and with permission, the established prerequisites may be waived so that you can experience this relevant and important subject matter. Conveniently scheduled as an evening class. If you have any questions please do not hesitate to contact Dr. Andrew Weeks, andreww@nipissingu.ca, Chair of the Department.

PSYC 4206 WI001

Tuesdays 6 to 8:50pm, Winter Term
