The NU booth benefited from a refresh of presentation and marketing materials and received a solid amount of traffic with approximately 130,000 visitors passing through. He also thanked the organizers of the very successful Homecoming event. It was an outstanding opportunity to celebrate our alumni. The President was pleased to attend the recent launch of the new Sparrow Experiential Learning Centre, made possible by the generous support of the Sparrow family. We look forward to a long standing relationship with the Sparrow family. He advised that positive meetings have been held with some of the local major banks, including topics of interest such as the future engagement of students in the workforce. The President and the Assistant VP Students were pleased to present awards to the graduating senior players of the sports teams that are now finished for the season. The men’s and women’s Lakers Soccer teams are still going strong and we wish them all the best in their upcoming playoff games. The President also thanked all those who organized and participated in the 8th Canada-Mexico Round Table on Intercultural/Indigenous Higher Education. The event was hosted in Sault Ste. Marie and had participants (presidents, academics & students) from Canadian regional universities as well as intercultural universities in Mexico. Also in Sault Ste. **QUESTION PERIOD**

On behalf of the School of Nursing, a Senator forwarded a question in advance regarding when the Nursing program IQAP Report will be received for approval by Senate. The Provost advised that the Nursing program Final Report was received from the Unit and the Dean earlier this week, and that the Implementation Plan has been completed and will be forwarded to the next AQAPC meeting for inclusion in the Senate Agenda.

A Senator requested that the Deans speak to the changes in the faculty structure and advise how the changes have been addressed. The Dean of Education and Professional Studies advised that everyone seems to be adjusting to the new responsibilities. The new EPS faculty had an informal gathering with discussion and questions. The first meeting of the EPS Executive was held on October 8. A draft Constitution was presented, and a second meeting is being planned. The Dean of Arts and Science advised that she has been working with the Dean of Education and Professional Studies to draft a Constitution to ensure that they are both aligned. She advised that the two new programs were welcomed at the Arts and Science Retreat held on May 23, and that further discussions will be held at Faculty Council meetings.

A Senator raised concerns regarding the University’s silence on the ongoing political unrest and violence in Hong Kong, noting the shooting of an 18 year old student. The Senator asked if the University will be speaking out against the violence. The President responded that although no advance notice of this question had been received, he acknowledged concerns as well as our limited experience in this area. He advised that he would be happy to share in the broader thoughts and concerns of faculty members, but questioned whether Senate is the appropriate forum as other sources of violence should also be given the same courtesy. In response to a request for further clarity on the partnership with the company in China that we work with in regards to international recruitment, the Provost responded that our partnership is with a Canadian company. Following a request to name the company, the Provost advised that this matter will be discussed.

This matter will be discussed further under Business Arising from the Minutes of the Senate meeting of November 8, 2019.

The Provost will speak to the Report on New Adjunct Professor Appointments. The Report was provided to the Senate Executive for inclusion in the Senate Agenda.

The Report of the Academic Awards, Appeals and Petitions Committee dated October 3, 2019 was provided to the Senate Executive for inclusion in the Senate Agenda.

The Reports of the Academic Curriculum Committee dated October 9 and October 28, 2019 were provided to the Senate Executive for inclusion in the Senate Agenda.

Transfer Credit Policy
for Canadore College and Algonquin College’s Two-year Business Diploma

MOTION: That the Academic Curriculum Committee recommend to Senate that the transfer credit policy for two-year Business diploma graduates from Canadore College and Algonquin College be approved.

Transfer Credit Policy for Business College Diploma Graduates from Algonquin College and Canadore College

Applicants who have successfully completed a two-year Business Diploma program from Algonquin College or Canadore College with a minimum overall average of 78% may be considered for admission to the Bachelor of Commerce (four-year degree program) with up to a maximum of 60 transfer credits.

Rationale
Canadore & Algonquin College requested to partner with us on a 2+2 business pathway. Upon further research we’ve learned many other Ontario Universities have similar pathways with all Ontario colleges. Creating pathways will continue to support our goal to provide access to education.

We will continue to offer the College Partnership Pathways (3+2) with a 72% minimum average for admission consideration.

The School of Business has approved this pathway.
MOTION: That the Academic Curriculum Committee recommend to Senate that the transfer credit policy for Indigenous Wellness and Addiction Prevention Worker diploma graduates into the Bachelor of Social Work (BSW) be approved.

Transfer Credit Policy for Indigenous Wellness and Addiction Worker Diploma Graduates

Applicants who have successfully completed a two-year Indigenous Wellness and Addiction Prevention Worker diploma program at an Ontario CAAT with a cumulative average of 3.0 (70%) or better can be considered for admission to the Bachelor of Social Work (BSW) program with transfer credit to a maximum 30 credits.

Rationale
The Indigenous Wellness and Addiction Prevention Worker diploma program has been determined to have a high affinity to Social Work. This new policy creates a clear pathway for graduates of the program who wish to continue their studies in Nipissing's BSW program. This policy aligns with the current policy for graduates of other diploma programs with a high affinity to Social Work (Social Service Worker, Mental Health and Addictions Worker, Developmental Services Worker and Child and Youth Care).

MOTION: Moved by Haibin Zhu Seconded by Boguslaw Schreyer that the Department of Computer Science and Mathematics recommend to Arts and Science Executive that the descriptions of Courses COSC 1557 Introduction to Computing and COSC 4406 Software Engineering be made minor changes: for COSC 1557, change “Two hours of lecture and two hours of laboratory work per week for one term” to “Three hours of lecture and one hour of laboratory work per week for one term”; and for COSC 4406, change “Four hours of lecture/laboratory work per week for one term” to “Three hours of lecture per week for one term”.

Rationale: COSC 1557 is a first year course. It needs more lecture time to allow instructors present enough introductory knowledge of computing. Past experience showed that the students did not fully use the 2 lab hours as expected. COSC 4406 is a 3-credit course for the honors degree and 4-hours per week do not fit well the regular 3-credit course template. Practical aspects covered by this course can be learned by after-class projects. These changes do not affect the teaching loads in the program’s category and make the course hours evenly distributed, and the course assignment easier.

**Rationale:** Sociology students, pursuing an Honors Specialization degree in Sociology, are required to take SOCI 4576 Seminar in Professional Development. Since 2017-2018, the department have faced with a serious constraint in full-time faculty resources, so since then
SOCI 4576 has not been offered by the Department of Sociology and Anthropology, so the department had to submit a global petition to ARCC each year to request to accommodate this course requirement. However, the Department has been notified by the Academic Advising that such global petitions cannot be warranted any more. Therefore, the Department has decided to bank SOCI 4576 and instead students can take an additional upper-level Sociology course to complete the degree requirements.

The meeting was called to order at 11:30 a.m.

Dr. Pat Maher opened the meeting with a warm welcome to all who were able to attend, and introductions went around the table.

The Dean reminded the committee members that it has been a number of years since this committee last met. He referred to the Terms of Reference for this committee and what our duties will be.

The Senate By-Laws state that *the Dean will serve as pro-tem Chair and call the first meeting of the Committee in September to elect a Chair and a Vice-Chair*. We were a little late in having this first meeting, but it could not be helped as Pat did not start in the position of Dean of Teaching until October 1st of this year.

Our first point of business was to establish who would be Chair and Vice-Chair, and we are pleased to have had two volunteers; Graydon Raymer will be Chair, and Amanda Burk will be Vice-Chair. The group was unsure if a formal motion was required for this, but the group unanimously elected Graydon and Amanda to these positions.

Then, from the historical records of this committee, which last met in 2014, Pat determined there were four themes and two questions for this committee to consider today:

Themes:

1. Student Opinion Surveys
2. Website for Teaching and Learning Community
3. Library Advisory Services
4. Technology and Infrastructure

Questions (Specific ideas/Initiatives - whether existed or had died)

1. Writing Across the Curriculum
2. Creation of an Academic Skills Centre

Discussion ensued, but no action items or motions were made.

The meeting adjourned at 1:00 p.m.

Our next meeting is scheduled for December 4, 2019.
