

If you are traveling outside Canada, please see the Travel Package options below. There are different package options depending on the location you will be visiting, so make sure you are looking at the correct Zone to accurately plan your usage. Please also note that the Travel Package options available to Nipissing University users are different than those available to users on a personal account, so please do not confuse them with advertisements you may have seen elsewhere.

IMPORTANT NOTE: Travel Packages are available to employees for work related OR personal trips. If you are travelling for personal reasons, you will be notified of the amount owed and you can reimburse the University by paying at Finance. You will also be required to bring your receipt to FASS as proof of payment.

Brief Description of Package Types

Roam Like Home – Roam Like Home plans offer unlimited use of your phone for calls, texts and data for a daily rate. If you do not use any services on your phone during a day of your trip, you will not be charged for this day. If you send even just one text, you will be charged the full cost for that day. Roam Like Home packages are applied automatically when a user travels to any location in this Zone.

Flex Roaming – Flex Roaming is a 30-day plan that includes a set amount of services for a set fee. You will be charged this fee whether you use the services in their entirety or not. Flex Roaming packages are not automatically applied when travelling and must be arranged through FASS (telephones@nipissingu.ca) with advance notice (a couple weeks is preferable).

Pay-Per-Use – Certain locations do not qualify for Roam Like Home or Flex Roaming packages, and Pay-Per-Use rates will apply. You will get charged these rates for each single text, minute, or MB of data used, and the charges could be quite steep. In order to avoid these steep fees, ensure you are aware of your destination's limitations and monitor your usage accordingly.

Roam Like Home Travel Packages
