

Biology Graduate Programs

Master of Arts in Bioethics – McGill University

Master of Arts in Bioethics - University of Toronto

Master of Arts in Bioinformatics – McGill University

Master of Health Science in Bioethics - University of Toronto, Mississauga

Master of Laws in Bioethics - University of Toronto

Master of Laws in Bioethics Law – McGill University

Master of Public Health in Animal Pathobiology - University of Guelph

Master of Mathematics in Mathematical Medicine and Biology - University of Waterloo

Master of Science in Anatomy and Cell Biology – McGill University

Master of Science in Anatomy and Cell Biology - University of British Columbia

Master of Science in Anatomy and Cell Biology - University of Saskatchewan

Master of Science in Anatomy and Cell Biology – University of Western Biology

Master of Science in Anatomy and Neurobiology – Dalhousie University

Master of Science in Animal Reproductive Biology - University of Guelph

Master of Science in Biochemistry and Molecular Biology – Dalhousie University

Master of Science in Bioethics - University of Toronto

Master of Science in Bioinformatics – McGill University

Master of Science in Bioinformatics – Simon Fraser University

Master of Science in Bioinformatics - University of Alberta

Master of Science in Bioinformatics - University of British Columbia

Master of Science in Bioinformatics - University of Ottawa

Master of Science in Biological Sciences – Simon Fraser University

Master of Science in Biology – Acadia University

Master of Science in Biology – Brock University

Master of Science in Biology – Carleton University

Master of Science in Biology – Concordia University

Master of Science in Biology – Dalhousie University

Master of Science in Biology – Lakehead University

Master of Science in Biology – Laurentian University of Sudbury

Master of Science in Biology – McGill University

Master of Science in Biology – McMaster University

Master of Science in Biology – Memorial University of Newfoundland

Master of Science in Biology – Mount Allison University

Master of Science in Biology – Queen's University

Master of Science in Biology – St. Francis Xavier University

Master of Science in Biology - University of British Columbia, Okanagan

Master of Science in Biology - University of Manitoba

Master of Science in Biology - University of New Brunswick

Master of Science in Biology - University of Northern British Columbia

Master of Science in Biology - University of Regina

Master of Science in Biology - University of Saskatchewan

Master of Science in Biology - University of Victoria

Master of Science in Biology - University of Waterloo

Master of Science in Biology - University of Western Ontario

Master of Science in Biology and the Environment – McGill University

Master of Science in Cancer Cell and Vascular Cell Biology - University of Prince Edward Island

Master of Science in Cell and Developmental Biology - University of British Columbia

Master of Science in Cell and Molecular Biology - University of Alberta

Master of Science in Cell and Molecular Biology – University of Ottawa

Master of Science in Cell and Systems Biology - University of Toronto, Scarborough

Master of Science in Cell Biology – Queen's University

Master of Science in Cell Biology - University of Guelph

Master of Science in Cell Biology - University of Toronto

Master of Science in Cell Biology and Anatomy - University of Calgary

Master of Science in Cell, Molecular and Developmental Biology – University of Windsor

Master of Science in Cellular and Molecular Biology - University of Toronto

Master of Science in Chemical Biology – McGill University

Master of Science in Chemical Biology – McMaster University

Master of Science in Chemical Biology - University of Alberta

Master of Science in Clinical Microbiology - University of Saskatchewan

Master of Science in Comparative Pathobiology - University of Calgary

Master of Science in Computational Biology and Bioinformatics – Dalhousie University

Master of Science in Conservation Biology – University of Alberta

Master of Science in Databases, Data Mining, and Computational Biology – Simon Fraser University

Master of Science in Development, Cell and Molecular Biology – University of Toronto, Mississauga

Master of Science in Developmental Biology - University of Prince Edward Island

Master of Science in Developmental Biology - University of Toronto

Master of Science in Disease-Based Cell Biology - University of Alberta

Master of Science in Disease-Based Molecular Biology - University of Alberta

Master of Science in Ecology and Evolutionary Biology - University of Calgary

Master of Science in Ecology and Evolutionary Biology - University of Toronto, Scarborough

Master of Science in Ecology and Evolutionary Biology - University of Windsor

Master of Science in Ecology and Wildlife Biology - University of Prince Edward Island

Master of Science in Environmental Biology - University of New Brunswick

Master of Science in Environmental Microbiology and Biotechnology - University of Guelph

Master of Science in Forest Biology and Management - University of Alberta

Master of Science in Gene Regulation and Cancer Biology – Queen's University

Master of Science in Genome Biology and Bioinformatics - University of Toronto

Master of Science in Geonomics Proteomics and Bioinformatics - University of Calgary

Master of Science in Human Systems Biology – McGill University

Master of Science in Integrative Biology - University of Guelph

Master of Science in Integrative Biology - University of Toronto, Scarborough

Master of Science in Integrative Biology – Wilfrid Laurier University

Master of Science in Lab Medicine and Pathobiology - University of Toronto

Master of Science in Marine and Freshwater Biology – University of Prince Edward Island

Master of Science in Marine Biology – Memorial University of Newfoundland

Master of Science in Marine Biology – University of New Brunswick

Master of Science in Mathematical Biology - University of Alberta

Master of Science in Mathematical Biology and Differential Equations - University of British Columbia, Okanagan

Master of Science in Medical Microbiology and Immunology - University of Alberta

Master of Science in Medical Microbiology and Infectious Diseases - University of Manitoba

Master of Science in Microbiology – McGill University

Master of Science in Microbiology - University of Calgary

Master of Science in Microbiology - University of Guelph

Master of Science in Microbiology - University of Manitoba

Master of Science in Microbiology - University of Victoria

Master of Science in Microbiology and Biotechnology - University of Alberta

Master of Science in Microbiology and Immunology – Dalhousie University

Master of Science in Microbiology and Immunology – McGill University

Master of Science in Microbiology and Immunology – Queen's University

Master of Science in Microbiology and Immunology - University of British Columbia

Master of Science in Microbiology and Immunology - University of Ottawa

Master of Science in Microbiology and Immunology - University of Western Ontario

Master of Science in Microbiology and Infectious Disease - University of Calgary

Master of Science in Molecular and Cellular Biology – York University

Master of Science in Molecular and Structural Biology - University of Toronto

Master of Science in Molecular Biology – Simon Fraser University

Master of Science in Molecular Biology - University of Toronto

Master of Science in Molecular Biology and Disease - University of Calgary

Master of Science in Molecular Biology and Genetics - University of Alberta

Master of Science in Molecular Biology and Genetics - University of Guelph

Master of Science in Molecular Genetics, Molecular Biology, and Microbial Physiology - University of Saskatchewan

Master of Science in Muscle Biology - University of Toronto

Master of Science in Neurobiology – University of Prince Edward Island

Master of Science in Ocular Biology and Pathophysiology – University of Waterloo

Master of Science in Oral Biology - University of Alberta

Master of Science in Oral Biology - University of Manitoba

Master of Science in Paleobiology - University of Saskatchewan

Master of Science in Physiology, Cell and Developmental Biology - University of Alberta

Master of Science in Plant Bioinformatics – McGill University

Master of Science in Plant Biology - University of Alberta

Master of Science in Plant Biology - University of Guelph

Master of Science in Reproductive Biology - University of Calgary

Master of Science in Systems Biology - University of Toronto

Master of Science in Tumor Biology and Immunology – University of Saskatchewan

Master of Science in Veterinary Microbiology – University of Saskatchewan

Master of Science in Wildlife Biology – McGill University

Master of Veterinary Science in Veterinary Microbiology - University of Saskatchewan
