

Mathematics Graduate Programs

Master of Science in Mathematics – Nipissing University

Master of Actuarial Science - University of Waterloo

Master of Applied Statistics – Memorial University of Newfoundland

Master of Applied Science in Mathematics and Statistics – Queen's University

Master of Arts in Applied Modelling and Qualitative Methods – Trent University

Master of Arts in Economics – York University

Master of Arts in Mathematics Education – University of British Columbia

Master of Arts in Mathematics and Statistics – McGill University

Master of Arts in Mathematics – York University

Master of Education in Mathematics Education – University of British Columbia

Master of Education in Secondary Mathematics Education – Simon Fraser University

Master of Engineering in Infrastructure Protection and International Security – Carleton University

Master of Financial Mathematics – McMaster University

Master of Mathematics (Computer Science) - University of Waterloo

Master of Science in Applied Mathematics – Western University

Master of Science in Applied and Computational Mathematics – Simon Fraser University

Master of Science in Engineering Mathematics – Dalhousie University

Master of Science in Individualized Multidisciplinary – University of Lethbridge

Master of Science in Interactive Arts and Technology – Simon Fraser University

Master of Science in Mathematical Sciences – Lakehead University

Master of Science in Mathematics – Concordia University Montreal

Master of Science in Mathematics – Dalhousie University

Master of Science in Mathematics – McMaster University

Master of Science in Mathematics – Memorial University of Newfoundland

Master of Science in Mathematics – Simon Fraser University

Master of Science in Mathematics – University of British Columbia

Master of Science in Mathematics – University of Lethbridge

Master of Science in Mathematics - University of Manitoba

Master of Science in Mathematics - University of Saskatchewan

Master of Science in Mathematics – University of Toronto

Master of Science in Mathematics – University of Victoria

Master of Science in Mathematics – Western University

Master of Science in Mathematics – Wilfrid Laurier University

Master of Science in Mathematics – York University

Master of Science in Mathematics, Computer, Physical and Molecular Sciences – University of Northern British Columbia

Master of Science in Mathematics and Computer Science – Royal Military College of Canada

Master of Science in Mathematics and Statistics – Acadia University

Master of Science in Mathematics and Statistics – Brock University

Master of Science in Mathematics and Statistics – Carleton University

Master of Science in Mathematics and Statistics – Queen's University

Master of Science in Mathematics and Statistics – McGill University

Master of Science in Mathematics and Statistics – University of Regina

Master of Science in Mathematics and Statistical Sciences – University of Alberta

Master of Science in Mathematics and Statistics – University of New Brunswick

Master of Science in Mathematics and Statistics: Bioinformatics - University of Ottawa

Master of Science in Mathematics and Statistics: Mathematics – University of Ottawa

Master of Science in Mathematics and Statistics – University of Windsor

Master of Science in Physics – University of Alberta

Master of Science in Statistics – University of Victoria
