Environmental Biology and Technology Graduate Programs

Master of Environmental Science/Studies – Nipissing University

Master of Bioenvironmental Monitoring and Assessment
Master of Bioenvironmental Monitoring and Assessment – Trent University

Master of Earth Sciences
chemical and Environmental Toxicology - University of Ottawa

Master of Environment and Sustainability
Master of Environment and Sustainability - University of Saskatchewan
Master of Environment and Sustainability – Western University

Master of Environmental Applied Science and Management
Master of Environmental Applied Science and Management – Ryerson University

Master of Environmental Studies
Master of Environmental Studies – Dalhousie University
Master of Environmental Studies – Lakehead University
Master of Environmental Studies – Wilfrid Laurier University
Master of Environmental Studies – Queen's University
Master of Environmental Studies – York University

Master of Environmental Toxicology
Master of Environmental Toxicology – Simon Fraser University

Master of Forestry
Master of Forestry - University of British Columbia

Master of Science
Master of Science - University of Prince Edward Island

Atmospheric Science - University of British Columbia

Atmospheric and Oceanic Studies – McGill University

Biology – University of New Brunswick

Biology: Chemical and Environmental Toxicology - University of Ottawa

Biology: Environmental Sustainability - University of Ottawa

Boreal Ecosystems and Agricultural Sciences – Memorial University of Newfoundland

Earth and Atmospheric Sciences - University of Alberta

Earth and Environmental Sciences – McMaster University
Earth and Environmental Sciences - University of British Columbia

Earth and Ocean Sciences – University of Victoria

Earth Sciences – Simon Fraser University

Earth Sciences: Environmental Sustainability – University of Ottawa

Earth Sciences: Science, Society and Policy – University of Ottawa
Ecological Restoration – British Columbia Institute of Technology
Ecological Restoration – Simon Fraser University

Environmental Engineering – Lakehead University

Environmental and Life Sciences – Trent University

Environmental Science – Memorial University of Newfoundland
Environmental Sciences - University of Guelph
Environmental Science – University of Lethbridge
Environmental Science - University of Windsor

Environmental Sustainability – University of Ottawa

Field Epidemiology – University of Saskatchewan

Forestry – Lakehead University

Geological Science – Queen’s University

Health Systems: Environmental Sustainability – University of Ottawa

Natural Resources and Environmental Studies - University of Northern British Columbia

Renewable Resources – University of Alberta

Resources, Environment and Sustainability – University of British Columbia
