Initial Clearance Forms Package Information and Checklist – First Year Students

Upon admission to the program, and on an annual basis, students must submit non-academic clinical placement requirements. Please use this checklist to ensure that you have all required documents submitted to the School of Nursing Clearance Website by the deadlines outlined below.

Note: This package is only to be completed if it is the **first time** you have submitted documentation to the School of Nursing. If you are re-entering the program, you must follow the Renewal Clearance Form Package

All documents can be accessed through the School of Nursing Clearance Website.

The Clearance website will open on July 4th

Initial Submission Deadlines:

October 2, 2023, for Fall Year 1 BScN Students

Clearance forms cannot be dated prior to March 1st of the current year

Document Submission Guidelines:

- Documents must be scanned, saved in PDF, and uploaded to the clearance website. Photos will be accepted providing all information is clearly visible and the image is saved as a PDF for submission.
- You must scan each complete document separately (both sides if applicable) and ensure the image is clear and the information is legible. For example, many Police Vulnerable Sector Check (PVSC) documents are legal sized; therefore, you must scan the full document as one complete legal sized file and not as two separate files. It is not acceptable to scan the top and bottom of the documents separately. Each page must be scanned in full and submitted in one complete file.
- All required documents must be uploaded into the clearance website prior to having the option to 'Submit' your completed package online. Paper copies, emails and/or faxes of clearance documents will not be accepted.

Required Documentation

Please review the following instructions for each document required to complete your clearance package for clinical placement. Failure to complete the clearance requirements by the deadlines outlined will result in denial of access to the clinical setting. If you have additional questions or concerns, please contact our office as early as possible to request clarification.

Failure to submit the requirements by the deadlines outlined will restrict your ability to register for courses, remove you from any clinical planning and result in a \$75.00 late penalty to be charged to your student account.

Students are responsible for all costs associated with obtaining approved clearance documents.
