Rachel

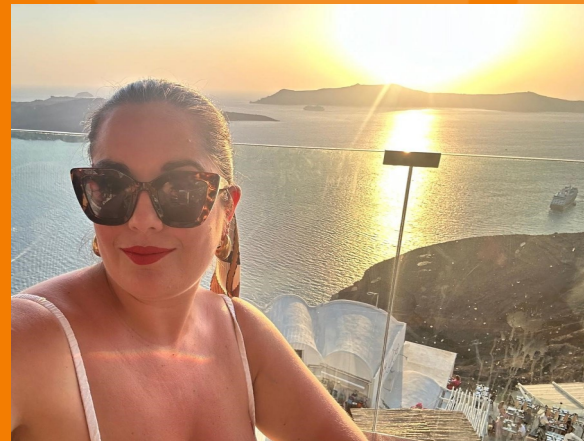

International Consultant

I specialise in sourcing qualified and unqualified educators from Australia and South Africa who are relocating to the UK.

My experience:

Since relocating from Australia to the UK in 2017, I have dedicated myself to supporting candidates within the education sector, particularly those navigating international relocations. Since 2023, I have had the privilege of helping teachers secure roles that will launch them into exciting new chapters of their lives in the UK.

I take great pride in the knowledge I've built within recruitment, especially in the education sector, and I find immense joy in seeing candidates' excitement when they secure a new role. I understand firsthand how challenging it can be to pack up your life and move across the globe, and I am passionate about guiding my candidates through the journey. From the nerves of starting fresh to the joy of discovering Europe right on their doorstep, I am here to ensure they feel supported every step of the way.

I work with:

- Qualified Teachers
- Experienced Teachers
- Teaching Assistants
- Unqualified Teachers
- Nursery Assistants
