UArctic Project Funding: Applications Now Open!

UArctic has launched its **2026 Calls for Applications** for three Canadian UArctic Project Funds administered by Memorial University and supported by Global Affairs Canada. These funds support collaborative, community-driven research and education initiatives that strengthen partnerships between Canadian UArctic member institutions and Indigenous and Northern partners, in alignment with Canada's Arctic and Northern Policy Framework and UArctic values.

The 2026 call includes a new five-year funding stream, offering up to \$100,000 for long-term circumpolar collaborations. Funding opportunities include:

- [Indigenous and Northern Relationship Development Fund](#) (up to \$15,000) to build or strengthen partnerships
- Collaborative Research and Education Engagement Fund – [Stream A](#) (up to \$40,000) for 2-year projects and [Stream B](#) (up to \$100,000) for 5-year projects (NEW)

All opportunities are open to Canadian UArctic member institutions, with a **deadline of April 24, 2026**. An [information session](#) will be held on **January 28, 2026**. Funding is subject to approval from Global Affairs Canada.

SSHRC Explore/Exchange Deadline + Winter Internal Grant Deadlines

For SSH researchers, be sure to mark your calendar with the deadline for SSHRC Explore/Exchange applications: **February 1**! Since the deadline falls on a weekend this year, applications will be accepted the following business day until 4 p.m.

As you start planning your research for 2026, keep in mind the deadlines for other internal grant competitions as well. (There are a few small changes from last year!)

Deadline	Competition
February 1	SSHRC Explore/Exchange (SIGs)
March 1 (earlier deadline)	Undergrad Student Research Awards (USRAs)
April 1	Internal Research Grants (IRGs)

Research Rendezvous: January Event! Grant Writing Panel

Join us for January's Research Rendezvous and learn from experienced grant writers and Tri-Agency reviewers. Bring your questions and gain insights from panelists Katrina Srigley (SSHRC Leader), Logan Hoehn (NSERC peer reviewer), and Brenda Bruner (CIHR Leader and peer reviewer).

Date: Wednesday, January 14

Time: 11:00 a.m.

Location: Teaching Hub Sandbox (coffee provided)

Online option: Request the link from officegsr@nipissingu.ca

Science Meets Parliament - Ontario 2026

Science Meets Parliament – Ontario is now accepting applications, with a **deadline of December 20, 2025**. This initiative strengthens connections between Ontario's scientific and political communities by fostering two-way dialogue and promoting the use of scientific evidence in provincial policymaking. The program also helps researchers better understand the policymaking process at the provincial level.

Eligibility includes:

- Faculty researchers holding a full-time independent investigator position (within 15 years of initial appointment, excluding eligible leave)
- Indigenous and/or Black faculty holding a full-time independent investigator position
- Postdoctoral fellows holding a CIHR, NSERC, SSHRC, or provincially funded fellowship, with fellowship status confirmed by January 1, 2026

NU360 2026: Share your research with NU and North Bay

The 8th Annual NU360 is now scheduled for **March 4, 2026**. This event provides an exciting opportunity for NU faculty members and postdocs to showcase their research to the broader community in an engaging and accessible format. If you are interested in sharing your research, we invite you to submit a proposal for a 6-minute TED-talk style presentation.

Event Details: March 4, 2026, at 6 p.m. in the NUSU Student Centre

How to Apply: Submit a brief title and description of your proposed presentation to research@nipissingu.ca by Friday, January 16, 2026.

19th Annual Undergraduate Research Conference – March 27-28, 2026!

The Undergraduate Research Conference returns in 2026 following a successful 2025 event. The conference will take place on **Friday, March 27** (evening) and **Saturday, March 28**, and faculty support is essential to its continued success.

Faculty members are encouraged to promote student participation by supporting and guiding students through the application process and by encouraging their attendance. Undergrad students may present posters, panels, poetry, or art, and must register by **March 2, 2026** (11:59 p.m.) via [Qualtrics](https://qualtrics.com). This year, the deadline is firm and non-negotiable, with **no extensions**.

The UGRC Faculty Committee is also seeking volunteers, including new committee members, judges, and moderators. Faculty, postdoctoral fellows, and graduate students from all disciplines are welcome. To learn more or to volunteer, contact UGRC@nipissingu.ca.

Funding Opportunities

Reach out to us early at research@nipissingu.ca if you plan to apply for external funding or need help with grant preparation. When you're ready, apply for internal approval through [Romeo](#) by the **internal deadline**, 3 weeks prior to the external deadline. Learn more about the process [here](#).
