

## PROCESS TO REVIEW AND SELECT COURSES AT NIPISSING UNIVERSITY

At Nipissing University some courses are taught over a period of 2 semesters (September-April) and have a designated code of FW meaning Fall and Winter. These courses are worth 6 credits. Other courses are taught in either our Fall semester (FA = September-December), or Winter semester (WI = January-April). In these latter two cases the one semester courses are typically worth 3 credits each.

Exchange students coming to study just one semester beginning in September, will have to select courses offered in the Fall semester, which is coded **FA**. Exchange students coming to study just one semester beginning in January, will have to select courses offered in the Winter semester, which is coded **WI**. Note that courses coded **FW** are taught throughout the academic year from September to April.

### Follow this 5-step procedure to search out course offerings:

1. Go to: [www.nipissingu.ca](http://www.nipissingu.ca)
2. Select: **WebAdvisor** (top right corner)
3. Select: **Student** tab
4. Under **Registration** select **Search for classes (no login required)**
5. Enter in the following three fields:

**Term:** click drop down arrow and select **26FW – UG 2026/2027 FA/**

**WI Subject:** select your subject/discipline/area of study of choice

**Location:** click, cursor down and select **“NORTH BAY”**

Then click: **SUBMIT**

Exchange students must select courses that are being offered at the North Bay campus. Details regarding each specific class will be listed (ex: day of the week the class is being offered, class start/end time, room number, the professor's name, and availability of seats, etc...) Please note that you can view the course description by clicking on the course name and title.
