Curriculum 2 Course Requirements Checklist

This checklist applies to students following the 2019 – 2023 degree requirements (Curriculum 2). If have already completed or are cleared to complete NSGD 2028/NSGD 2029 during the May – Aug 2026 semester, you should use this checklist.

Instructions:

- Mark courses as complete by selecting the checkbox in the **Complete** column.

- **NSGD courses** require a **minimum final grade of 60%**. Any grade below 60%means the requirement is not met.

- All **other courses** require a **minimum final grade of 50%**.

- Review your **Unofficial Transcript** on WebAdvisor to confirm transfer credits *(WebAdvisor → Student Menu → Academic Profile → Unofficial Transcript).* Transfer credits—except NSGD-9235 and core requirements—may be used toward electives.

- Select any **course code** to review its description and requisites. This is an essential first step when planning your courses.

- **Clinical courses** require advance planning and clinical clearance. The Nursing Program coordinates this process. Clinical courses include: **NSGD 2106, NSGD 2028, NSGD 2029, NSGD 3026, NSGD 3027, NSGD 4026 and NSGD 4027.**

- Note: the colour coordinated courses indicate the courses are corequisites and must be taken at the same time.

RPN to BSCN (120 credits)		
Course	Cr.	Complete
Transfer NSGD-9235	30	✓
ACAD 1601	3	
NSGD 2147 (60%)	3	
NSGD 2116 (60%)	3
